Education

Cornell University

B.A. in Information Science
Grad. May 2028, GPA: 3.75

Relevant Coursework

Object-Oriented Programming, App Design & Prototyping, Human-Computer Interaction, Technology Behavior & Society, Perception & Visual Display

Work Experience

IBM • Design Intern

San Jose • Summer 2026

Google (Contract) • Lead Product Designer

Fall 2025

Led an 8-person student initiative, developing a three-stage mixed-method research program to engage college users with Google products. Guided the design & testing of conceptual interventions informed by research and stakeholder input.

frog • Design Intern

Paris • May - Jul 2025

Envisioned and designed a B2C grain trading app from the ground up through direct client workshops. Mapped trading workflows and created mobile-first interfaces, including a wheel-inspired model for navigating market offers and bids.

Microsoft (Contract) • Lead Product Designer

Feb - May 2025

Led a team of 6 consultants to design AI-powered B2B tools for Copilot for Sales, applying Gen Z's comfort with AI to create more effective and trustworthy automated sales experiences.

General Counsel AI • Designer & Developer

May - Jul 2024

Designed AI-centered interfaces for a legal AI platform. Built a two-layer OKLCH color token system with semantic tokens and a scalable naming convention. Shipped 25+ reusable components, cutting design-dev handoff time.

Replit • Product Design Intern

New York City • 2022 - 2024

Contributed to company-wide rebrand at 15 y/o, designing pages for AI Comparison, About, Careers, and the blog. Refined the RUI design system, applying CSS polish across every surface of the app.

Skills

Design: UI/UX, design critique, design systems, accessibility, Figma, Sketch, Storybook

Development: AI-powered prototyping, React, React Native, TypeScript, Next.js, Vue.js, Tailwind, Python, Git

Beyond

Design Consulting at Cornell (DCC)

Vice President, PM, Educator

Leading club operations, events, and community for the Ivy League's only student-run design consultancy. Grew from consultant → PM → VP in 3 semesters; managed client projects, taught, and onboarded new members along the way.

Sports

Fencing, bowling, rock climbing, tennis, wilderness first aid, ping pong.

Community

Volunteered weekly at local soup kitchen for 7 years.

Performed music & piano duets at senior centers across NY for 3 years.

Teaching

Teaching Assistant — held office hours and led lab sections for INFO 1300: Intro Web Design & Programming (2 semesters).

New Member Educator at DCC — built curriculum, mentored 25+ new designers, and ran weekly workshops for 2 incoming cohorts.
